

6th April 2022

Dear all,

Easter Opening

As we approach the Easter break, we just wanted to confirm that we will not be open on Friday 15th April or Monday 18th April 2022.

If you need medical advice during this period, please visit our website or NHS 111. To speak with a GP, please use the LIVI app, where you'll get to speak to a GP from the comfort of your own home.

Over 2000 of our patients have already signed-up to LIVI, and getting signed up is really simple. You can download the LIVI app via the App Store (iPhone) or Google Play (Android), or [click here](#) to register now.

Of course, in medical 'life threatening' emergencies, please continue to call 999. Alternatively call 111 when the surgery and LIVI are closed and our local pharmacies are also there to support too.

Covid Clinics - Adults

We have already started Spring boosters for patients who are 75 years and older, plus those living in care homes. Alongside this, patients 12 to 74 years, who are [immunocompromised](#), are invited to have a Spring booster too.

If you are eligible, our next Covid clinics are Friday 8th April and Saturday 9th April at the Millpool Centre, please call the surgery **01503 266 960** to book an appointment.

For those patients age 12 years and above who need their first, second or booster jabs, please don't delay any further as Covid continues to circulate in the Community. Please call now to book your place at our Covid clinics.

Covid Clinics – 5-11 year olds

During the Easter break, special vaccination clinics for children aged 5-11 years old are popping up. The nearest [walk-in](#) Covid vaccination centre for 5-11 year olds will take place at Saltash Leisure Centre between 12:00 - 18:00 on Tuesday April 13th and Wednesday April 20th. These clinics are walk-in, so no pre-booking required.

Finally, there continues to be much demand for our services and with the help of LIVI we are continuing to see and treat patients (as needed). However, for non-urgent matters, another way to reach our GPs is by using our e-Consult service, for more information visit our website. Please do not send emails with clinical information to our generic email address.

Have a lovely Easter everyone.
